PUBLISHERS' NOTE.

In the present edition of Thacker's Indian Directory, as in former issues, no trouble or expense has been spared to produce a thoroughly reliable and up-to-date business directory. Every reasonable care has been taken to ensure accuracy and completeness, but the Publishers accept no responsibility for errors or omissions.

The general features of the book are, in the main, the same as in previous years. Particular attention has been paid to the chief commercial industries of India, such as Tea, Jute, Indigo, Cotton, Coal, etc., and this portion of the Directory is as complete as it is possible to make it. Great care has been bestowed upon the large commercial centres, such as Bombay, Madras, Rangoon, Karachi, Calcutta, Cawnpore, Lucknow, Allahabad, etc. Owing to the war, a certain amount of difficulty has been experienced in compiling the commercial returns, but the Publishers have received very great assistance from the various Controllers and Liquidators of Hostile Firms to whom they are greatly indebted for the assistance they have given. We trust our efforts to meet the public wants will be appreciated by those who use our Directories.

Personal canvass has again been adopted to ensure correctness in the book. When the vast territory with which the Directory deals is considered, there might be some palliation for errors, but very few complaints are received on the score of lack of accuracy.

Coloured Maps inserted into the Directory continue to be an attractive feature. These maps are seventeen in number and comprise a Railway Map of India and smaller plans of Calcutta, Bombay, Madras, Agra, Allahabad, Benares, Cawnpore, Delhi, Karachi, Lahore, Lucknow, Rangoon and Simla. The two important cities of Calcutta and Bombay have been specially dealt with—there being three maps of Bombay and two of Calcutta.

The Publishers again desire to tender their thanks to those Officials, both Civil and Military, and also the Public generally, who have so readily furnished the bulk of the information here presented; at the same time they beg to point out that if their call for information could be responded to rather more promptly, it would facilitate an earlier publication of the book. They also wish to express their gratitude for the steady patronage that has enabled them and their predecessors to produce a constantly increasing edition, year after year, for more than half a century. No effort will be spared to keep the Directory up-to-date and generally useful in the future.

Thacker's Indian Directory continues to be appreciated by a large *clientèle* of Advertisers, and enquiries in this direction should be addressed to the Publishers at Calcutta, or to their London Agents, W. Thacker & Co., 2, Creed Lane, Ludgate Hill, London, E.C.

NOTE:—*Instead of continuous paging, the book is divided into sections, each of which is PAGED SEPARATELY. These sections are called respectively General, Calcutta, Madras, Bombay, Mofussil, Chief Industries, Alphabetical, and are distinguished from each other by the different colors at the edges.*

Do you not like to know the result of a lawsuit, an examination, a pregnancy and a disease; to see where the stolen property is located, the photo of the thief, the portrait of the physician who will cure the disease? Do you not like to see here your friends past to enternity, any god or saint, or resolve any mystery relating to the past, present or future? To crown all, are you not anxious, whatever be your creed—Hinduism, Brahmaism, Christianity, Mahomedanism or Jainism to attain the goal of your religion? Then please cast a look on this "Bhoutic Ayna" and be satisfied.

Price, Rs. 2-0 each. Packing, &c., 0-8-0 extra.

The Railway booking-clerk will then furnish a receipt-note with the letter V.-P. marked or stamped upon it.

Goods may be sent value-payable by any Railway by addressing the package to the sender himself. The sender must endorse the Railway Receipt to the Consignee for whom the Package is intended, and present them open at the local Post Office, accompanied by the ordinary V.-P. form duly filled up, the words "Railway Receipt Note" being entered in the spaces for description of the article. Each Railway Receipt should bear postage stamps of the value of two annas. The receipt-notes must not be enclosed in envelopes, but be presented open. The Post Office will then transmit the Railway Receipt Note to the Post Office of destination, and effect delivery of it on the Consignor paying the value mentioned in the V.-P. form. *The Railway will not deliver up goods or parcels forwarded Value-Payable except on production of the corresponding receipt-note.*

FOREIGN MONEY-ORDERS.

Rupee Money-Orders.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money-orders expressed in rupees may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in rupee currency.

Money-orders expressed in rupees may also be drawn on the Native States of Chamba, Gwalior, Jhind, Nabha, and Patiala.

The amount of a money-order issued under this clause must not exceed Rs. 600 nor include a fraction of an anna.

Note.—All money-order offices are authorised to issue and pay money-orders payable in, or received from the countries and States referred to in this clause.

The ordinary inland money-order form must be used in the case of money-orders for Ceylon, Portuguese India, and the Native States and payees' acknowledgments are exchanged with only those countries and States. In the case of money-orders for other countries, a special form, which may be obtained *gratis* from the Post Office, must be used.

The names of remitters and payees of money-orders for the British East Africa Protectorate, German East Africa, the Seychelles, the Straits Settlements, and Zanzibar must, in the case of Europeans, include the surname and at least the initial of one Christian name, and, in the case of natives of India, the name, tribe or caste, and father's name.

Note 1.—In the case of money-orders drawn on the German Protectorate of Kiantschou, Macao, Japan, Corea, Formosa, or on any of the Japanese postal agencies in China, the names of the payees, when the latter are natives of Japan, should be given in full, without abbreviations of any kind. When both the remitter and the payee of such a money-order are natives of Japan or China, the remitter should present along with the money-order a separate slip of paper containing the full name and address of the payee written in Japanese or Chinese characters, as the case may be.

Note 2.—The re-direction to any of the countries or places with the exception of the Native States of money-orders originally received from any of those countries or places for payment in India is subject to a fresh charge on account of commission at *half* the rates of commission applicable to inland money-orders or money-orders expressed in sterling, according as the country or place to which the order is re-directed is one on which money-orders are drawn in rupee currency or in sterling currency. Should the amount of this fresh charge, however, calculated at the rates mentioned, include a fraction of an anna, the amount will be raised to the next complete anna.

The remitter of a foreign rupee money-order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of one anna in addition to the commission chargeable on the money-order. Advices of payment are obtainable from all countries with which money-orders are exchanged except where the contrary is stated in respect of any such country in Foreign Post Directory.

When the remitter of a foreign rupee money-order has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money-order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

Note.—The fee for an advice of payment, if asked for at the time of issue of the money-order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the foreign rupee money-order form.

Coupons attached to money-orders payable in Ceylon or Portuguese India should not be filled up by the remitters, as the coupons will not be delivered to the payees.

Sterling Money-Orders.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money-orders expressed in sterling may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in *sterling* currency. The amount of a money-order issued may not include a fraction of a penny. Also, the maximum amount for which any one remitter may obtain foreign sterling money-orders in one day is limited to £100.

The rates of commission on money-orders are as follows:—

On any sum not exceeding £1									3 annas.	
„	„	exceeding £1	but not exceeding	£2					5	„
„	„	„	£2	„	„	£3			8	„
„	„	„	£3	„	„	£4			10	„
„	„	„	£4	„	„	£5			12	„
	„	„	£5						12	„ for each

complete sum of £5 and 12 annas for the remainder, provided that if the remainder does not exceed £1, the charge for it shall be 3 annas; if it does not exceed £2, the charge for it shall be 5 annas; if it does not exceed £3, the charge for it shall be 8 annas; and if it does not exceed £4 the charge for it shall be 10 annas.

The remitter must apply for a foreign money-order form (which will be supplied to him *gratis* by the Post Office), and fill in the necessary entries, adding his signature at foot. The amount of the money-order (whatever be the country of destination) must be stated by the remitter in British (sterling) money, and the equivalent of this amount in Indian currency will be entered in the form by the Post Office. If the country of destination has a different currency, the sterling amount will be converted by it into the local currency for the purpose of payment.

NOTE.—A money-order *payable in the United Kingdom* may be crossed for payment only through a bank. When a remitter desires to make use of this privilege he should write across the money-order form the name of particular bank or merely The words " & Co." between parallel lines.

The name of the payee should include the surname and at least the initial letter of one Christian name. If the payee be a firm or company, the usual designation of the firm or company will suffice. The address of the payee should be full and precise, as on it depends the determination of the particular money-order office in the Foreign country at which the money-order will be made payable. The surname, and at least one initial of the Christian name, of the remitter should be given ; if the remitter be a native of India, his tribe or caste and his father's name should be stated in addition to his own name. The name and address of the payee should be given with such completeness as shall secure identification and prevent risk of wrong delivery.

It will be necessary for the remitter of a foreign money-order to write to the payee informing him of his (the remitter's) name as entered in the order. The payee will receive the money-order direct from the head money-order office of the country of payment.

The remitter will be furnished by the post office with a receipt for the amount paid by him on account of the money-order and commission.

The remitter of a foreign sterling money-order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of two annas in addition to the commission chargeable on the money-order. Advices of payment are obtainable from all countries with which money-orders are exchanged except where the contrary is stated in respect of any such country in the Foreign Post Directory.

When the remitter of a foreign money-order expressed in sterling has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money-order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

NOTE.—The fee for an advice of payment, if asked for at the time of issue of the money-order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the sterling money-order form.

TELEGRAPHIC MONEY-ORDERS, INLAND.

Every Post Office, which is a Money-Order Office, may issue and pay telegraphic money-orders, except in special cases.

A fee for the issue of a telegraphic money-order will be charged at the rate of commission on an ordinary inland money-order for the same amount, added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an "Express" or as an "Ordinary" message.

The amount for such money-order must not exceed Rs. 600, and must not include any sum less than a rupee.

If the remitter desires to have a private communication to the payee added to the telegram advising the remittance, he should write it on the coupon of the money-order form and pay for the additional words in excess of twelve, at the rate of two annas or half an anna per word, according as the telegram is to be sent "Express" or "Ordinary." Abbreviated address, or Code words to represent the name of the remitter, or the name and address of the payee, must not be used.

Telegraphic money-orders may be issued from any post office in India (including Burma) for the head post office at Aden, and from the head post office at Aden for any post office in India (including Burma). The limits of value and the other condition laid down in the foregoing classes relating to inland telegraphic money-orders apply to such telegraphic money-orders : provided that the fees for such telegraphic money-orders will be made upof (1) the money-order commission at the rates applicable to inland ordinary money-orders, and (2) a telegraph charge at the rate of one rupee a word for every word included in the telegram advising the remittance : provided also that telegraphic money-orders for repayment to the remitters will be returned *by post* to the offices of issue.

INDO-CEYLON TELEGRAPHIC MONEY-ORDERS.

Telegraphic money-orders expressed in rupees may be exchanged with Ceylon. Every post office that is authorised to issue and pay inland telegraphic money-orders may issue and pay Indo-Ceylon telegraphic money-orders.

The amount of a single Indo-Ceylon telegraphic money-order may not exceed Rs. 600 or include any fraction of a rupee

The fee for a telegraphic money-order issued in India for payment in Ceylon will be charged at the rate of commission applicable to an ordinary money-order drawn on Ceylon for the same amount, *plus* a telegraph charge calculated on the actual number of words used in the telegram advising the remittance, at the rate of one rupee for the first twelve words and two annas for each additional word.

Foreign Orders Telegraphed to Offices of Exchange.

The telegraphic money-order system does not apply to any Foreign money-order exchange, except those with Ceylon and the Seychelles, but the remitter of a foreign money-order drawn on any other country can have the particulars telegraphed to the Indian office of exchange and that office will, on receipt of the telegraphic advice, issue a money-order on the Foreign country of payment under the foreign money-order rules. It should be understood that the money-order will be *telegraphed* to the Indian office of exchange only, *and not to the Foreign country of payment.*

Except that the remitter will not be entitled to have a private communication added to the telegram advising the remittance, the rates of commission, the limit of value, and the other conditions laid down in the rules relating to inland telegraphic money-orders.

The following conditions apply to money-orders payable in the United Kingdom or any other of the countries and places:—

(1) The maximum amount for which a single foreign sterling money-order can be telegraphed under these rules to the Indian office of exchange concerned is £40, and no such order may include a broken sum less than £1.

(2) A fee for the issue of a foreign *sterling* money-order telegraphed to the office of exchange will be charged at the rate of commission on a foreign sterling money-order for the same amount added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an "Express" or as an "Ordinary" message.

(3) The remitter must fill up the necessary entries in a sterling money-order form and write across the form the words, "By telegraph *express*" or "By telegraph *ordinary*," according as to whether he wishes the telegram advising the remittance to be sent as an express or as an ordinary message. He should then present the form at the window of the post office, together with the amounts of the order and commission.

(4) Foreign money-orders intended for payment in any country to which mails are sent from Bombay by the Peninsular and Oriental Steam Navigation Company's weekly mail steamers will not be accepted for the purpose of being telegraphed to Bombay, if presented at any post office on Saturday, *i.e.*, the day of departure of those mail steamers.

POST OFFICE SAVINGS BANK RULES.

No account will be opened for less than four annas, and no person will be allowed to deposit a larger sum than seven hundred and fifty rupees in all between the 1st April to 31st March inclusive, nor make any fresh deposit when the amount at his credit, exclusive of current interest, is Rs. 5,000. in the case of any adult and Rs. 1,000. in the case of a minor.

The Pass-book will be kept in the vernacular of the district or in English, as the depositor may wish. No deposit can be made, and no money can be withdrawn from an account, without its production.

Interest will be allowed for each calendar month upon the minimum balance of the account between the close of the fourth day and the end of the month, at the rate of 3 per cent. per annum on all deposits at call.

CURRENCY NOTES.

Notes of the following denominations, *viz.*, Rs. 5, 10, 50, 100, 500, 1,000 and 10,000 are issued without any limit for current legal tender silver coin of the Government of India or gold coins, whether coined at His Majesty's Royal Mint in England or at any Mint established in pursuance of His Majesty's order as a Branch of His Majesty's Royal Mint, at the rate of fifteen rupees for one sovereign from every office.

Five, ten, fifty and one hundred rupee notes of all circles are payable at all offices of issue throughout India; other notes are payable at the office of issue. In ordinary circumstances every Treasury Officer in British India cashes or exchanges notes, if he can do so without inconvenience; and when this cannot be done conveniently, small sums can generally be exchanged for travellers.

An Universal Currency Note is a legal tender at any place in British India. Other Notes are legal tender in its own circle, except by Government at the office of Issue; that is to say, whenever a note forms the integral sum, or a portion, of any payment whatever either to Government, to Companies or to individuals, it is a legal tender. A note may be tendered in payment of a debt less than the value of the note, but the payee is not legally bound to accept it and give change.

In order to minimise the chances of the loss of notes in transit through the post, the public should follow the instructions given in clauses 40 and 129 of the Post Office Guide.

It is optional to keep the numbers of the notes received or paid. Each currency note has a serial letter No. and a general No. thus: $\frac{V}{16}$ 10106—Serial letter "V," serial No. "16, general No "10106." No action can be taken with reference to any note until it has been thus fully described, or identified in all these details.

(1) A half-note represents no value, nor has a person holding only one-half of a note any claim to recover value when the other half has been transferred, either by him or by the last legal holder of the entire note, to the legal possession of another person. When one-half of a note is lost, the other half should be sent to the Currency Office of the circle of issue to which the note belongs, and an application for refund of the value of the note made by *the person who last held simultaneously both halves of it.* Government are under no legal liability to refund value on half-notes, but payment may be made as a concession, if the Commissioner or Head Commissioner of Paper Currency thinks such a course warranted by the facts of the case.

(2) A mutilated or charred note represents no value. Payment can be made only as a concession, and the decision rests, in the first instance, with the Currency Officer, and then, in cases of doubt or appeal, with the Commissioner or Head Commissioner of Paper Currency. When any portion of a note has been erased, inked over, cut out, burnt through, or otherwise altered, so as to throw doubt on the identity of the note, or to make it appear as another note, payment on it may altogether be refused, and the note impounded.

A mismatched note represents no value, but the Currency Department is willing to hold such notes on behalf of depositors, and to pay value on them on receipt of either one or both of the corresponding halves as mismatched notes. Further, if a mismatched note remains in deposit for three years and no payment has been made on it in the meantime, value on it is paid on the expiration of the above period.

BRITISH INDIAN MONEY, WEIGHTS AND MEASURES.

The Gold Coin is the *Mohur* = 16 Rupees, but Silver is the standard metal of India. The current coins of SILVER: 1-rupee piece, 8-anna piece, 4-anna piece, and 2-anna piece; NICKEL SILVER: 1-anna piece; and COPPER: 2-pice piece, 1-pice piece, ½-pice piece, and 1-pie piece.

The weight of the Gold Mohur and that of the current Rupee is the same, *viz.*, 180 grains Troy. Sicca Rupees are referred to in the Money Market, but they are not issued; 100 Sicca Rupees are equal to 106-10-8 current rupees.

To convert Sicca Rupees into current, add $\frac{1}{15}$th; and current rupees into Sicca, deduct $\frac{1}{15}$th.

Bazar Weight.—16 chittacks are one seer, or 2 lb. 0 oz. 13 drs.; and 40 seers, 1 maund, or 82 lb. 2 ozs. 3 drs. 100 Bazar maunds = 110 Factory; and 1½ Factory maund = 1 cwt.

Factory wright.—16 chittacks are 1 seer, or 1 lb. 13 ozs. 14 drs.; and 40 seers, 1 maund, or 74 lb. 10 ozs. 11 drs. The Indian maund = 82⅔lb. Avoirdupois Weight.

BRITISH INDIAN WEIGHTS.

The *Unit* of the British Ponderary System is called the *Tola*. It weighs 180 grains English Troy Weight. From it upwards are derived the heavy weights, *viz.*, *Chittack*, *Seer* and *Maund*; and by its sub-division the small or jewellers' weights called *Mashas*, *Ruttees* and *Dhans*.

1 Dhán or grain			...	=	$\frac{15}{32}$	grain Troy	=	$\frac{8}{175}$ dr. Avoir.

TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS.

Multiply the weight in Seers by 72, and divide by 35; the result will be the weight in lbs. Avoirdupois; or multiply the weight in maunds by 36, and divide by 49; the result will be the weight in cwts. Avoirdupois.

TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT.

Multiply the weight in lbs. Avoirdupois by 35, and divide by 72; or multiply the weight in cwts. by 49, and divide by 36; the result will be the weight; in the former, in Seers; in the latter, in Maunds.

A Ton is equal to 27·222 Maunds, or 27¼ Maunds nearly.

To reduce Bazar weight into Factory weight add 1-10th.

To reduce Bazar weight into Cwt., add 1-10th, and deduct 1-3rd of that sum, the remainder will be Cwt.

To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer.

* These are Bengal weights, and not used in the United Provinces of Agra and Oudh.

Indian Cloth Measure.

3 Jobs make 1 Ungli ... say = ⅝ Inch.
3 Unglis „ 1 Girah ... „ = 2¼ Inches.

8 Girahs make 1 Hath ... say = 18 Inches.
2 Haths „ 1 Guz ... „ = 1 Yard.

N.B.—The Guz varies in different localities from 24 to 36 Inches.

There appears to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, &c.

Lineal Measure.

Notwithstanding that the cubit or human forearm is the basis or unit in Oriental and Western countries, there is no fixed standard established in India.

In Bengal the measure mostly used is the following:—

1 Hath (Cubit)= 18 Inches; 4 Haths = 1 Danda or = 2 Yards; 2,000 Dandas = 1 Coss.

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles, 3⅓ yards English.

The Indian Imperial Coss is equal to 2¼ miles nearly.

In the United Provinces of Agra and Oudh the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra the coss is about 1¾ mile; towards the Hills the coss is a little more than a mile; in Bundelkhund it is three times as long as in other parts and is called a *Pucca coss*; while in the Doab it is the *Gow coss*, or as far as the lowing of a cow is heard at dead of night.

Bengal Square or Land Measure.

		sq. yds.
1 chittack	= 45 sq.ft. or	5
16 chittacks = 1 cottah =	720 „ or	80
20 cottahs = 1 beegah =	14,400 „ or	1,600
$3\frac{1}{40}$ beegahs =	1 acre.	

(*United Provinces of Agra and Oudh.*)

20 Uswansees = 1 Suswansee; 20 Suswansees = 1 Kuchwansee; 20 Kuchwansees = 1 Biswansee; 20 Biswansees = 1 Biswa; 20 Biswas = 1 Beegah.

There is, however, no fixed standard Beegah; almost every district has its own local measurement.

Assam Land Measure.

12 feet = 1 loocer; 20 loocers = 1 cottah; 5 cottahs = 1 hillisah; 4 hillisahs = 1 poorah.

Bengal Liquid Measure.

5 sicca Rs. weight make 1 chittack; 4 chittacks make 1 powah; 4 powahs make 1 seer; 40 seers make 1 maund.

Hindoo Astronomical Table.

15 matras or twinkles = 1 kashta; 30 kashtas = 1 kala; 30 kalas = 1 mahurta; 30 mahurtas = 1 day and night of mortals; 30 such days = 1 month of mortals; 12 M. or 360 D. = 1 year.

The Hindoo Astronomical Year is 5 days, 6 hours, and 48 minutes shorter than ours.

Indian Time Table.

60 antipala make 1 vipal = ·04 seconds.
60 vipalas or 6 prans make 1 pul = 24 „
60 puls make 1 dundo or ghurri = 24 minutes.
60 dundos or ghurries make 1 deen = 24 hours.

The Astronomical works of the Hindoos follow the *sexagesimal* or sub-division of 60 throughout.

Bengal Time Table.

DUE DATE TABLES.

To calculate the due date of any Bill. A Bill dated 23rd August 1890 @ 53 days after date 53+3 (days of grace) +3 (of the 23 in date)=59 days after the 20th August, look under August 20 in table, run down to 60 days in the marginal column 59=1 day short of 60, *viz.*, October 18th.

To find days to run on a pre-dated Bill. A Bill dated 19th July @ 95 days date is presented for discount on the 23rd August. The due date to be found as per example above is October 25th : under 20th August find October 25 (October 19+6) and refer to margin which shews 66 days, deduct 3 of the date 23rd August, and you have 63 days to run from 23rd August.

INDIAN COMPANIES ACT

(Act VII of 1913.)

With Notes and an Appendix and Forms relating to Private Companies. Also Tables of Cases Cited, corresponding Sections of the Companies (Consolidation) Act, 1908, and of Statutory Duties and Penalties.

BY P. L. BUCKLAND, B.A.,

Of the Inner Temple, Barrister-at-Law and Advocate of the High Court of Judicature at Fort William in Bengal.

"If the Commercial Public in India be as keenly alive to the advantages of joint stock and limited liability as the merchants in England, this is a work which should find a ready sale. The author is not a new comer into the field of legal literature, and he has the advantage, commonly denied to the London text-book writers who have almost become a class apart, of that intimate knowledge of his subject which comes from long and constant practice in it at the Courts. He has consequently produced a book which is learned enough for the lawyer and not too technical for the board room."—*Statesman.*

QUARTER-MASTER'S MANUAL

By M. L. A. GOMPERTZ, *Capt., 10th Infantry.*

Size 6¼ × 5 inches. 140 pages with Index.

Rs. 3.

The arrangement of the book consists of a logical division of the Quarter-master's duties, as shown in A. R. I., II, 536, all regulations, etc., referring to each particular branch being grouped in the same section. The idea is that the beginner will be able to find at once in one place, all the information necessary on any particular subject he wishes to look up ; instead of having to hunt wildly from volume to volume of A. R. I., Army Tables ; old circular files, etc., etc. After a while one gets to know exactly where things are laid down and can dispense with such a stepping stone.—*Extract from Preface.*

TABLE OF SECTIONS.

I. Duties of Quarter-master.
II. Office Routine.
III. Accounts (General).
IV. Clothing.
V. Equipment.
VI. Indents.
VII. Accounting for Equipment.
VIII. Receipt and Despatch of Store.
IX. Condemnation and Replacement of Stores.
X. Arms.
XI. Ammunition.
XII. Tentage.
XIII. Artificer Staff and Shops.
XIV. Housing and Sanitation.
XV. Ranges and Musketry Appliances.
XVI. Rations, Firewood, etc.
XVII. School & Gymnasium.
XVIII. Transport.

Another of its duties is to provide the office with books and stationery, and to look after all matters of printing and binding. But a place is found also for large, in some cases unrivalled, collections of Oriental MSS. (Sanskrit, Arabic, Persian, Hindustani, &c.), and for the apparatus of Philological literature relating to the study of them. There is a reading-room, where any member of the public may, upon signing his name, consult Books and MSS., which are also lent to members of both Services, retired members, and such individuals as are either well known to the Librarian or produce a suitable introduction.

COMMERCIAL LAW IN INDIA.

BUCKLAND.—THE INDIAN COMPANIES ACT, Act VII of 1913, with the Amending Act of 1914, Incorporated. With notes, and a chapter and forms relating to private companies By P. L. Buckland, B A., Bar.-at-Law. Demy 8vo, cloth Rs. 10. 1914.

"If the Commercial Public in India be as keenly alive to the advantages of joint stock and limited liability as the merchants in England, this is a work which should find a ready sale. The author is not a newcomer into the field of legal literature, and he has the advantage, commonly denied to the London text-book writers who have almost become a class apart, of that intimate knowledge of his subject which comes from long and constant practice in it at the Courts. He has consequently produced a book which is learned enough for the lawyer and not too technical for the board room."—*Statesman*

"* * * * Mr. Buckland has done a real service to the profession and to the lay public by bringing out the present book. * * * * The book has been clearly written with a view to help the lay public also who are connected with the formation and conduct of Trading companies."—*Madras Weekly Notes.*

CHALMERS.—THE LAW RELATING TO NEGOtiable Instruments in British India. By the Hon'ble M. D. Chalmers, M.A., Bar.-at Law. Fourth Edition by A. Eggar, Bar.-at-Law. Demy 8vo. Rs. 12. 1913.

"A fresh edition of this standard work has long been needed, as the third edition edited by Mr. Arthur Casperz, appeared eleven years ago. The whole book has been so thoroughly recast by Mr. Eggar that it is hardly recognisable in its present form, and its volume has been almost doubled It is now in fact a treatise on negotiable instruments generally rather than a commentary on the Act section by section, and there can be no doubt that the new arrangement is preferable to the old. Space has been economised by giving the volume and page only of cases from the Indian Law Reports and by the omission of the names."—*Pioneer.*

"He has taken his own line and produced *a most valuable treatise on a law which intimately concerns every single person.* The exposition is lucid and complete; the arrangement is handy and helpful; and the price of the book is only Rs. 12."—*Capital.*

'The present editor has changed the arrangement of the work This arrangement no doubt has its advantage inasmuch as it gives a comprehensive view of the general law as to 'Consideration' and the like all at a glance"—*Calcutta Weekly Notes*

DRAKE BROCKMAN.—A COMMENTARY ON the Law of Insolvency in British India outside the Presidency Towns and Rangoon. By E G. Drake Brockman, Indian Civil Service. With the Provincial Insolvency Act, 1907, and Rules thereunder by the High Court at Fort William in Bengal. Demy 8vo, cloth. Rs. 4. 1914.

This new and up-to-date commentary of a highly technical branch of the law is designed to furnish useful help to officers of Insolvency Courts, legal practitioners and the public The text of the Act is printed separately and notes based on decided cases, English and Indian, arranged in 11 chapters.

"*The Bombay Lawyer*," says—"We cordially recommend it to the notice of the profession."

At a Special General Meeting of the Chamber, held on the 4th of October 1883, *the following Resolution was adopted :—*

That Rule I, under the Chamber's Tonnage Schedule, be altered as follows in accordance with the Resolutions proposed and adopted by the Mercantile Community at their Meeting on the 3rd July 1883, and in accordance with the Notice issued by the Chamber of Commerce on the 4th Jul 1883, under Rule 23 of the Chamber, *viz.* :—

1. That where freight is payable by measurement, measurement be by sworn measurers, to be placed under the direction of the Bengal Chamber of Commerce.

2. That measurement be taken at place of shipment, *i.e.*, exporting wharf, jetty, or press-house, where adjacent to place of shipment, at measuring Superintendent's discretion, but only whilst the bales are actually being removed in course of shipment.

3. That such measurement be final.

4. That in cases of shut-out cargo, or cargo transferred from one vessel to another, original measurements to hold good.

5. But that any cargo re-landed be re-measured.

6. That measurement be taken at the largest part of the bale inside the lashing on the one side and outside on the other.

7. That the measurement of jute shipped without measurement shall be entirely at shipper's risk, and that measurement be a matter of special arrangement between the shippers and ship. Further, that all expenses connected with the measurement thereof be payable by the shippers.

8. That all cotton and other baled cargo arriving at the East Indian Railway Company's terminus at Howrah for shipment direct by boat be measured by the sworn measurers in the Railway Company's sheds, while being removed in actual course of shipment.

9. That all baled cargo pressed at, or exported from, any of the press-houses to which a sworn measurer may be attached, be treated in the manner as jute, and as provided for in the 2nd Resolution.

10. That gunny bales packed at, or exported from, mills within the limits of the port, be also measured as described in the 2nd Resolution.

11. That gunny bales or other cargo exported by boat direct from outside the limits of the port be measured by the sworn measurers on the deck of the ship or alongside; but it shall be optional with outside mills and press-houses to make arrangements with the Managing Committee

on such terms as may be mutually agreed on, for the attendance of sworn measurers at their ordinary shipping wharves for measurements in accordance with Rule 2.

12. That all baled, cased, or other cargo not provided for in any of the foregoing Resolutions, and which at present is measured on this side under any of the Tonnage Schedules now in use in the port, or which may require to be measured on this side by a special arrangement made between shippers and ship, that all such cargo be measured on the Custom House wharf (if for export by boat) in the Jetty sheds (if for shipment through the jetties) by the sworn measurers.

13. That for the present the sworn measurers to be appointed to carry out this scheme be placed under the direction of a Representative Committee, to be nominated by the Committee of the Chamber of Commerce.

14. That the charge for measurement be defrayed by the ship.

At a Special General Meeting of the Chamber, held on the 29th November 1883, *it was resolved*— That for gunny bags and gunny-cloth the ton shall be 50 cubic ft., not exceeding 2,240 lbs. "*gross.*" That the term "*dead weight*" shall be understood to mean the following articles "*only*":—

The Tamulbari Standard Teas

SUPPLY THE BEST ANSWER

Being direct from our own garden (Tamulbari Estate, Lahoal P. O., Upper Assam), to your Teapot and no intermediate "blendings" by unscrupulous dealers, it bears the HALL-MARK

OF ABSOLUTE GENUINENESS.

There are Teas and Teas, but that which will readily appeal to the connoisseur is the TAMULBARI STANDARD TEA.

Surpassed by none and equalled by few for its purity, liquoring fragrance and aroma, it is the

IDEAL OF PERFECTION.

First grown in 1862 and having won Medals and Diplomas of Honor in several Colonial and International Exhibitions, including London, 1886, and Chicago, 1893, it has scored the highest triumph even in its native place among hundreds of rival tea gardens by obtaining another medal in the latest Exhibition held at Dhubri, Assam, in the year 1910; it has also held its own even in the Calcutta Tea Auction Sales by fetching very handsome prices, so it is now

The Hot Favourite with the Tea-drinking Public.

TO BE HAD OF ALL DEALERS.

☞ **Dr. MILDRED STALEY'S Handbook for Wives and Mothers in India should be in the hands of every Married Lady in this country.**

Crown 8vo. Rs. 3.

A HANDBOOK FOR WIVES AND MOTHERS IN INDIA

By Dr. MILDRED STALEY,

Lately Physician in Charge, Lady Aitchison Hospital for Women, Lahore.

"Such a book as this prepares the way for the doctor's instructions and is of priceless value if no doctor is at hand. No woman who has the care of a home and family has completed her bookshelf without at least one such book. Of the many which we have handled, we can highly recommend this one."—*Empire.*

"Admirably arranged, well indexed, and couched in simple language, this little volume should prove of service not only to those to whom it is primarily addressed, but also to nurses and others who, in these countries, are at times left alone to face difficulties and responsibilities for which their training has not prepared them."—*The Advocate of India.*

"We have received a very valuable 'Handbook for Wives and Mothers in India,' by Mildred E. Staley, Physician in charge of the Lady Aitchison Hospital for Women, Lahore. The book is full of sage advice and sane reflections for the use of the perplexed wife and mother desiring to preserve her own and her child's health in the tropics."—*Times of Ceylon.*

"The writer of this book is Physician in charge of the Lady Aitchison Hospital for Women at Lahore, and she writes, therefore, not only from theories of the schools but from a great store of practical experience."—*Statesman.*

"The whole book is thoroughly practical, and written in a clear and easy style. We strongly commend it to wives and mothers in India, and we antipicipate a large circulation for it in European Homes in India. There are also many useful remarks on the customs and habits of Indian households which render the book very useful to Indian Ladies."—*The Englishman.*

"We have seldom read a book which is better fitted to fulfil its purpose than Dr. Mildred Staley's 'Handbook for Wives and Mothers in India.' . . . Every mother and nurse in India would do well to possess and consult this excellent manual."—*British Medical Journal.*

"This little book cannot fail to be useful to those women who are compelled to live in India. . . . Dr Staley has written an eminently practical book. We can cordially recommend this little handbook to any women whose lot may take them to India or other tropical countries."—*The Lancet.*

THE "REMINGTON" LINE.

THE "REMINGTON MONARCH."

LIGHT TOUCH TYPEWRITER.

The surpassingly *light touch* of the Monarch is the envy of its rivals; so also is its speed and the enduring excellence of its work. Furthermore, as a typewriter development along new and original lines, we call special attention to the Monarch *shifting type bar segment*. This construction, among its other merits, has given the Monarch an all around capacity, especially in the writing of the widest forms, which justifies its fame *as the most versatile of writing machines.*
